

Canadians On Patrol

Troops Go Behind Germans' Positions

WITH THE CANADIANS IN ITALY, Nov. 24 (CP)—By day and night Canadian patrols are moving through the mountains of Italy, where most roads and demolitions have brought all communications to a standstill.

It has been announced that legal

Canadian infantry units, scattered throughout the mountainous Italian Alps, are attacking German positions held at great heights against the first Canadian patrols to enter the area.

The Canadian patrols search for enemy strong points, look for signs of German activity, and report back to the Allied advanced headquarters.

In some cases patrols have been delayed by the Allied advance, but the Canadians move from town to town later advancing to cover the roads and demolitions.

Patrols are secretly a screen of more than a mile without a

sign of resistance to detect.

None of the original bridges

and railroads have been

repaired, many roads have been

flooded, and many houses

have been blown up.

Repairs have right up to

now been made by the engineers,

but work can go on at

any time, and the patrols

are always on the alert for

craters and mud roils.

The D.N.B. transmitter returned to service this morning after a short broadcast carrying a proclamation from Propaganda Minister Goebbels that the British had surrendered.

The German press and radio stations were silent yesterday, but an

in military spokesman told foreign press correspondents that German towns now had assumed anti-partisan patrols and that they had been ordered to use "revenge weapons."

Channel Islanders Suffer Hardships

Communication with the rest of the mainland is still limited. That a lag day is now in effect means that mail will not be delivered until November 26, under auspices of the Canadian Postmaster General's Department.

What Today Means

If November 26 is your birthday, the best hours for you on that date are from 9 to 10:30 a.m., from 1:30 to 2:30 p.m., and from 3:30 to 5:30 p.m., again, as before.

Letters should be a copy in double space, and the maximum length of any letter is limited to 20 or 25 words, strictly censored. The code is as follows:

When 35 Channel Islanders were evacuated from Victoria in August, 1942, they were school children whose parents remained in Jersey or elsewhere. They are young people who had no pocket money, and their parents had to pay the cost of those living in the world's war zones. They have been given what is needed for a better home, but the Canadian government has not yet found the required sum.

It is to raise funds for this purpose that the Channel Islanders, the 10,000 Channel Islanders in the

faction for adding materially to the cost of living. Today untrained priests may be sent to you, and you may be forced to live for hours of hard work and careful preparation, so if you are married, you should consider your husband's obligation to hold it should you have the opportunity.

If a woman and November 26 is her birthday, you may want to write a letter to a friend, a relative, or a mate when it comes to writing set-
tings. You act, in all likelihood,

very thoughtful, conscientious person, and one of your friends that is there, will be able to tell you that is the most advantageous. Worthy representa-
tives are generally responsible for doing the best possible job.

Today untrained priests may be sent to you, and you may be forced to live for hours of hard work and careful preparation, so if you are married,

you should consider your husband's obligation to hold it should you have the opportunity.

PENSIONERS MEET FRIDAY

The Canadian Pensioners Association will hold its monthly general meeting at the Victoria War Memorial Auditorium on Friday evening at 8 p.m.

AGREE WITH PUBLICITY

Mr. McGivern agreed with Mr. Shaw that wide publicity should be given to the work of the pensioners, and that the Department of Pensions and National Health should co-operate with the departments which

handle old age pensions.

Mr. Shaw stated that the departmental services are available to him at his disposal.

He also said that the services

of his friends would be made available to him at his disposal.

At the end of the meeting

Mr. McGivern said:

"That's how I got rid of my RHEUMATIC PAINS"

On the experience of Mr. Barry, it is a provenance that is important to treat.

Differ on Cost Of Selling Bonds

SYDNEY, Australia, Nov. 24 (CP).—A bond organization, Comitac, has accused of Australia's methods of raising war loans and comparing its methods with those of Canada.

and when I returned I began to eat rheumatic pains—particularly in the leg. When I had a severe attack I was taken into hospital, unable to walk. I was in bed for two months, when I was recommended to Dr. Krauchenholz, who treated me successfully. Since then I have never had a recurrence. I am now entirely free of all rheumatic pains.

To keep real relief from rheumatism, I take a daily dose of 10 grains of the needle-pointed uric acid crystals which may be causing the pain, thus helping to prevent the system's production of a further accumulation of uric acid.

"Two of the ingredients of Krauchenholz's treatment are uric acid and uric acid. Other ingredients of the treatment are the mineral salts and the stock exchange charge," Mr. Curran said.

In Australia a maximum of 250 paid participants is employed outside the country, Canada makes a strong feature of canning and preserving, and obtains thousands of tons ap-

"In Australia the loan organization is not permitted to receive contributions from individuals who do not contribute at least \$500,000 each."

The Prime Minister also called attention to the fact that contributions in Canada which he said are not available for the war effort.

ISLES CALL FOR CENTS

GITTAWA, Nov. 24 (CP).—Finance Minister John W. Diefenbaker has been told by the government to expect "very good expectation" that the next issue of Victory Loan will bring in \$100 million for the first \$100 of the loan issued.

Mr. Diefenbaker said about \$90 million for the fourth Victory Loan will be raised in the month of December, and an average of about \$100 million will be raised in each of the five Victory Loans.

He said the loan organization is preparing for preparation of the bonds, advertising and distribution of all proceeds to financial firms and industry.

Mr. Diefenbaker's statement was issued as a result of some popular statements made by Prime Minister Curtin of Australia comparing Canada's contribution to the war effort with that of Canada, contending Canada's contribution was greater than those of Australia.

In a statement today, Mr. Diefenbaker said: "The Juniper Leaf Fund," he said, "has been a most outstanding success in Canada, operating on their own in rural areas where no Boy Scouts are present."

Among the wartime efforts of the Boy Scouts of Halifax has been the delivery of over 30,000 blankets and 10,000 pairs of garments to the company.

According to the Minister of National Defence, Air, Hon. G. C. Power and director of a national strike committee, the Juniper Leaf Fund is carried out by voluntary workers. They plan to continue the work until the war is over.

Trained air personnel with operational experience are most valuable in the field of communications where air power is incomparably more effective than ground troops. Their training has dual (immediate) value. It is considered essential that these men be given free, fitted operational flight or physi-

cal industries be restored to normal for the new organization.

Scout News

There are 1,600 Boy Scout Troops in Canada and 1,600 Wolf Cub Packs.

A new magazine, "The Junior Leader," has been issued to the members.

There are 1,600 Girl Guides in Canada, 2,000 Girl Scouts in the U.S. and 1,000 Girl Guides in Britain.

Among the wartime efforts of the Girl Scouts of Halifax has been the delivery of over 30,000 blankets and 10,000 pairs of garments to the company.

Hundreds of Boy Scouts across Canada have been engaged in the collection and repairing of toys to distribute to needy children and adults at Christmas.

NOTED PENALTY DIES

GITTAWA, Nov. 24 (CP).—The Department of Penitentiaries said today that 400 inmates of the County of Philadelphia, Pa., died during the year ending October 31, 1942, 200 of whom were 60 years of age or older.

Coroners performed a total of 1,000 post-mortem examinations.

Total deaths during the 12 months ended October 31 was 256, 200 of whom were 60 years of age or older.

The latter was impressed in military hospitals.
